

# PLAYING CARDS & GAMES

## IN THE ERA OF COVID-19

Shanina Knighton **PhD RN**

### DON'T BE SORRY

ALL PLAYERS SHOULD CLEAN THEIR HANDS BEFORE HANDLING CARDS OR GAME PIECES

### PREVENTION IS BETTER THAN TREATMENT

VIRUSES SPREAD THROUGH TALKING, COUGHING & SNEEZING...THEY CAN THEN BE TRANSFERRED TO THE EYES, MOUTH AND NOSE DIRECTLY OR INDIRECTLY BY HANDS OR SURFACES.

A WINNING HAND IS ALWAYS A CLEAN ONE

**ASK**

ENSURE PLAYERS HAVE NOT BEEN EXPOSED TO COVID-19 OR ARE GETTING OVER BEING SICK

### PLAY OUTSIDE

OR IN OPEN SPACES WHENEVER POSSIBLE

### MASKS

CAN HELP PROTECT PEOPLE AND SURFACES FROM COMING INTO CONTACT WITH DROPLETS DISPERSED THROUGH TALKING OR LAUGHING AND SHOULD BE USED

**DISINFECT THE TABLE** YOU'RE PLAYING ON. AIM FOR 1-2 TIMES PER HOUR ESPECIALLY IF CARDS OR ITEMS ARE BEING PASSED BETWEEN PLAYERS.
